Regarding Linda Stewart
11th Step House

To Whom It May Concern:

It has been my privilege to have been affiliated with Linda Stewart for over fifteen years. I became acquainted with her when I was clinical director at St. Joseph Hospital Behavioral Services. She owned, directed, and managed one of the top recovery homes for women in California. It was with great comfort to know that the ladies that went to her sober living program were not only getting a "high caliber" program for sobriety but were receiving excellent spiritual guidance as well.

Linda has committed herself to the recovery field and is dedicated to help women who have the desire to live a life chemically free. I trust that she will continue to make valuable contributions to the chemically dependent woman who seeks a life of sobriety.

Respectfully submitted,
