To whom it may concern:

Linda Steward and I have known one another for about 12 years. We have been next door neighbors for 7 years. I am very proud to have Linda and her Eleventh Step House as my neighbor.

Have you ever known someone to give of themselves with their all? Linda does just that. Linda helps women with no money. She does what she does quietly, without fanfare.

Linda gives through her business. She loves her balloon business. Any neighbor, who asks, gets the best for next to nothing. On commemorative holidays, she offers her balloon creations to local businesses and the military, free of charge.

Linda is so fun and she is so terrific. Her integrity and honesty are impeccable.
